STUD SERVICE AGREEMENT

This is to certify that Bitch _____ AKC# _____

Owner: _____ Phone #: _____

Address/email: _____

The aforementioned certifies that he/she is the sole owner of this Bitch, or has permission from any/all co-owners to act as their representative, or has a written lease agreement with the registered owner(s).

Was bred to the following Stud Dog:

Ch. Rush Hill's Winner Take All
AKC #SN733966/01

On the following dates: _____ Approx whelping date: _____

THE TERMS OF THIS AGREEMENT

1. The owner of the bitch is to provide to the owner of the stud a copy of the following items:

- a) OFA clearance.
- b) Eye report dated within the past 12 months (from a board-certified ophthalmologist).
- c) SAS clearance.
- d) Negative fecal, Brucellosis culture & sensitivity, done within 30 days prior to the breeding. (Not required for Artificial Insemination breeding).
- e) 3 generation pedigree.
- f) Photograph of bitch.

2. Copies of these reports MUST accompany the Bitch before she is to be bred naturally.

If an artificial insemination procedure is to be performed then the Brucellosis and cultures are not necessary. All expenses related to the collecting and insemination are the sole responsibility of the Bitch's owner. These monies are due at the time the Bitch is returned or prior to semen being shipped for a fresh chilled breeding.

3. Every effort will be made to provide a safe and comfortable environment for the Bitch while she is in our care, and specific instructions will be carefully followed. However, under no circumstances will the Stud Dog Owner be legally responsible for the Bitch's actions, or in the event of her injury or loss. Aggression, uncontrollable or destructive behavior will be cause to return the bitch to her owner.

4. The Stud dog will breed this Bitch as soon as she will stand, and subsequently every other day for as long as she is willing to stand or until the Stud Dog indicates he is finished breeding the Bitch. The exception to this will be if progesterone testing indicates different breeding dates or if the owner of the bitch has a request that can be mutually agreed upon by all parties.

5. That the owner(s) of the Bitch will be responsible for all veterinary fees related to the Bitch's care (smears, artificial inseminations, health certificates, etc.) and maintenance. These expenses are due at the time the bitch is returned.

6. The Stud fee is \$1200. This stud fee is subject to change prior to this contract being signed and the bitch being shipped. A deposit of \$400 is due upon delivery of the Bitch to the Stud Owner. If no litter results from this mating, or 3 or less live puppies are whelped no further payment will be due the Stud Dog Owner (Except for reimbursement of veterinary expenses as stated above), and there are no further obligations on the part of either Owners. If the Bitch Owner would like a repeat service then an additional deposit of \$200 is due upon the Bitch's return. Both deposits will be applied to the

original stud fee. A substitute Bitch may be sent subject to all the same requirements and the substitute Bitch is acceptable to the Stud Dog Owner.

If the repeat breeding is to be performed on the original Bitch, then this breeding must be done with progesterone, LH and/or other fertility diagnostic testing to help insure the exact breeding dates.

Should no litter result from either of the two services, or should the owner of the Bitch choose not to return for a second service, any monies paid will be non-refundable.

7. Artificial Inseminations:

We take every effort to insure natural breedings with our stud dogs. Unfortunately, due to circumstances beyond our control it may be necessary to perform artificial breedings to help insure the pregnancy of the Bitch. A licensed veterinarian will perform these artificial inseminations and the expense involved will be the sole responsibility of the Bitch's Owner. It will be necessary to notify the Stud Dog Owner if you choose NOT to have an artificial insemination performed on your Bitch. One of the following choices **MUST be signed.**

a) I authorize an artificial insemination be performed (if necessary) by a licensed veterinarian and I understand that the expenses involved are my responsibility and are due and payable upon the Bitch's return.

b) Under no circumstances do I authorize artificial insemination on my Bitch. I understand that I do have the option for a repeat breeding according to the terms set forth previously in this contract.

c) In case of fresh chilled semen collection and shipment, for the purposes of this contract, **ALL expenses** related to the collection and shipment are the responsibility of the Bitch owner. **NO refunds** for any shipping expenses will be given due to delays in shipping beyond the control of the Stud Dog owner. Shipping arrangements must be made in advance and mutually agreed upon between Bitch Owner and Stud Dog Owner via written notice or email.

8. The owner of the Stud Dog shall sign the litter registration application upon proper evidence of the birth of the litter, but no earlier than 10 days nor older than 8 weeks of age. A \$50 late fee will be incurred if the registration and/or the balance of the stud fee arrive after the puppies are 10 weeks of age.

9. The owner of the Bitch agrees, in registering the litter, to check the AKC's limited registration box for all puppies from this breeding sold as pets with a written spay/neuter or non-breeding contract. Furthermore, the owner of the Bitch shall provide to the owner of the Stud a list of names and addresses of all puppy buyers. The Bitch Owner agrees that the Stud Dog Owner may contact these individuals at a future date to obtain information on the production of the Stud Dog, provided reasonable discretion is used in the collection and dissemination of the information.

10. The Bitch Owner agrees not to sell any puppies, resulting from this breeding, overseas without notifying the Stud Dog Owner prior to the potential sale. The Stud Dog Owner MUST approve this sale.

11. It is agreed that no puppies, resulting from this breeding, will be sold outside of the United States or Canada without the written consent of the Stud Dog Owner, Ellen Menshew. If the Bitch Owner fails to abide by this requirement, the Bitch Owner will be responsible for all attorney fees and expenses incurred by the Stud Dog Owner, in returning the puppy/dog produced by this breeding to the United States.

12. It is agreed that no puppies, resulting from this breeding, will be sold or donated for auction items, sold either directly or indirectly through a pet shop, wholesaler of purebred dogs, or to an individual acting as an agent for a third party; and that this Bitch will not be sold while she is in whelp.

13. The Bitch Owner is responsible for the delivery of the Bitch to the Stud Dog Owner's premises or a previously agreed upon meeting point. If the Bitch is shipped for breeding, the Bitch Owner will pay

any/all expenses related to the shipping to and from Seattle (Stud Dog Owner's local airport). The Bitch will be met and brought back to the airport by the Stud Dog Owner. \$50 transport fee applies for pick-up or drop-off at Sea-Tac airport (approximately 85 miles from our home). Shipping to Fairchild International Airport, Port Angeles, WA is available with no fees charged for pick-up or drop-off.

After reading the above terms and conditions, we find them mutually agreeable and acceptable.
